

Art Submission Instructions  
ignitable.com

Our web based file transfer system will allow you to safely and securely upload your electronic files to Ignite Digital using a normal web browser.

Simply visit [www.ignitable.com](http://www.ignitable.com), and click the "Share Files" tab in the upper right hand corner!

### **Art Submission Guidelines**

- + Whenever possible, create a single archive file compressed with any standard archive formats (.zip, .sit or .sea) from your multiple files.
- + Rename your Archive file with a descriptive name for what they are (example: [PepsiBanners.zip](#))
- + Be sure to include any additional raster or vector support files used to create your art (logos, pictures, etc)
- + Text can be converted to paths in some graphics programs. If this is NOT done, you MUST include the fonts used in all files in the Archive file you upload.
- + Since our contact with you will be established through the email address you enter upon uploading files, please be sure to proofread for spelling and accuracy.

If you experience any problems or simply have a question, please contact any of our customer service representatives at 1-888-890-8991 and they will be happy to assist you!
